

PROGRAMME

10.30 am	Registration and Breakfast
11.00 am	<p>Welcome and Introduction</p>  <p>Lim Chong Kin  Managing Director, Corporate & Finance Head, Telecommunications, Media & Tech Co-Head, Data Protection, Privacy & Cybersecurity, Co-Head, Competition Law & Regulatory, Drew & Napier LLC</p>
11.15 am	<p style="text-align: center;">How does Singapore’s AI regulatory model support businesses developing, deploying or using AI?</p> <p>Join us for an insightful panel discussion featuring perspectives from both regulator and industry. Hear from the Infocomm Media Development Authority about Singapore’s AI policies and testing tools like AI Verify and Project Moonshot for companies to assess the performance of their AI systems. Gain practical insights from an in-house counsel and a lawyer on operationalising the AI governance frameworks, covering how companies can manage the risks posed by AI, how to successfully deploy AI solutions within a company, and solving the common issues companies face when deploying AI solutions. This session is essential for staying informed on AI regulation and best practices.</p> <p style="text-align: center;"><i>Moderator</i></p> <div style="display: flex; justify-content: space-around;"> <div data-bbox="448 1357 603 1505">  <p>Cheryl Seah  Director, Corporate & Finance Drew & Napier LLC</p> </div> <div data-bbox="836 1357 991 1505">  <p>Darren Grayson Chng  Regional Data Protection Director APAC & MEA Electrolux</p> </div> <div data-bbox="1227 1357 1382 1505">  <p>Vikneswaran Kumaran  Senior Manager, Trusted AI & Data Infocomm Media Development Authority</p> </div> </div>

Harnessing AI – key areas companies should look out for and tips when deploying an AI solution across multiple jurisdictions

This dynamic panel discussion features lawyers from across the APAC region, including Australia, China, Japan, and Southeast Asia. They will explore the concept of ‘interoperable’ AI governance frameworks and share tips for deploying AI solutions across multiple jurisdictions. Each panellist will outline the key laws and guidelines governing the use of AI in their respective countries, as well as any challenges they anticipate in applying the existing laws, covering topics from privacy to IP protections. They will also share practical tips for companies deploying AI in their jurisdiction, and how to manage the diverse regulatory requirements when deploying AI solutions across multiple jurisdictions.

Legal Developments in Data Use and Cross-border Transfers

Lawyers from Singapore, Indonesia, Malaysia, the Philippines, and Thailand will provide an overview of the legal developments and requirements in their respective jurisdictions concerning data use and cross-border data transfers. An overview of the ASEAN data protection landscape in this regard as well as the ASEAN Model Contractual Clauses will also be provided.

Data Breach Management across ASEAN

In the event of a multi-jurisdictional data breach incident, companies often face challenges with formulating an effective response strategy and co-ordinating multiple regulatory investigations simultaneously. This segment covers legal data breach notification requirements and practical / strategic considerations in key ASEAN jurisdictions (Singapore, Indonesia, Malaysia, the Philippines and Thailand), so that companies can better prepare themselves in the event of a cross-border data breach incident involving ASEAN jurisdictions.
